30 times \$7.75

Full sponsorship 3 min news highlights \$250 a month

1/2 sponsorship \$200 a month

Casper Metro pop. 53,700

Wyoming pop. 350,800

FCC RULES

pgh 73.22 --

Breakdown permitted one Class II-A station on 1030 (WBZ) in Wyoming, but no other state, so W KTWO apparently became 12th of the new stations on broken clears during late 1975.

pgh 73.21-- (Text of clears definitions attached)

It appears to me that under the rules the station can call itself a clear channel station because it operates on a clear channel.
