DEPARTMENT OF COMMERCE RADIO DIVISION

May 21, 1925.

Office of Supervisor of Radio federal building Chicago, Ill...

Mr. Hugh S. McCartney, Chief Operator Station W C C O. R. F.D. #3, Aneka, Minneseta.

My dear Mr. McCartney:

This is to acknowledge receipt of your letter of April 29 in which you furnish information requested relative to the service conducted under your amateur station license 9 W I.

With reference to your inquiry in regard to the use which mayor made of your experimental station license it is desired to inform you that it is rather difficult to make any specific statements without having in mind exactly to what you have reference. In general this license may only be used for experimental and development work where an amateur radio station license would not suffice. Providing an experimental station license was used for amateur transmissions it is very probable that the licensing authority would question your need for same and request that it be returned for cancellation.

There is enclosed be rewith the necessary form to be used in applying for a change of address of your amateur radio station 9 D W O.

Very truly yours,

Acting Supervisor of Radio.
